TCEQ

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY
EXAMPLE A
NOTICE OF APPLICATION AND PRELIMINARY DECISION
FOR AN AIR QUALITY PERMIT
PROPOSED AIR QUALITY PERMIT
NUMBERS: 160538, PSDTX1582, and GHGPS-DTX204

APPLICATION AND PRELIMINARY DECISION. NRG Cedar Bayou 5 LLC, 910 Louisiana Street, Houston, TX 77002-4916, has applied to the Texas Commission on Environmental Quality (TCEQ) for issuance of Permit 160538, issuance of Prevention of Significant Deterioration (PSD) Permit PSDTX1582, and issuance of Greenhouse Gas Prevention of Significant Deterioration (PSD) Permit GHGPS-DTX204, which would authorize construction of the Electric Generating Unit 5 at 7705 West Bay Road, Baytown, Chambers County, Texas 77523. This application was submitted to the TCEQ on March 18, 2020. The existing facility will emit the following air contaminants in a significant amount: particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less, carbon monoxide, sulfuric acid mist, and greenhouse gasses. In addition, the facil-

ity will emit the following air contaminants: nitrogen oxides, organic compounds, hazardous air pollutants, sulfur dioxide, and ammonia. The degree of PSD increment predicted to be consumed by the proposed facility and other increment-consuming sources in the area is as follows:

PM2.5

Maximum Averaging Time 24-hr; Maximum Increment Consumed ($\mu\text{g}/\text{m}^3$) 7.4; Allowable Increment ($\mu\text{g}/\text{m}^3$) 9

The executive director has determined that the emissions of air contaminants from the proposed facility which are subject to PSD review will not violate any state or federal air quality regulations and will not have any significant adverse impact on soils, vegetation, or visibility. All air contaminants have been evaluated, and "best available control technology" will be used for the control of these contaminants.

The executive director has completed the technical review of the application and prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The permit application, executive director's preliminary decision, draft permit, and the executive director's preliminary determination summary and executive director's air quality analysis, will be available for viewing and copying at the TCEQ central office, the TCEQ Houston regional office, and at the Sterling Municipal Library, 1 Mary Elizabeth Wilbanks Avenue, Chambers County, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review at the TCEQ Houston Regional Office, 5425 Polk Street, Suite H, Houston, Texas. Due to COVID-19 pandemic related closures of public offices, the application is also being made available for viewing and downloading from the internet at this link: <https://www.nrg.com/legal/cedar-bayou.html>.

If a member of the public is unable to access the application at the Sterling Municipal Library, or by accessing the application from the internet, contact Craig Eckberg (craig.eckberg@nrg.com, 713-537-2776) to arrange delivery of a copy of the application

INFORMATION AVAILABLE ONLINE. These documents are accessible through the Commission's Web site at www.tceq.texas.gov/goto/cid: the executive director's preliminary decision which includes the draft permit, the executive director's preliminary determination summary, the air

quality analysis, and, once available, the executive director's response to comments and the final decision on this application. Access the Commissioners' Integrated Database (CID) using the above link and enter the permit number for this application. The public location mentioned above, the Sterling Municipal Library, 1 Mary Elizabeth Wilbanks Avenue, Chambers County, provides public access to the internet. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. <http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=29.748333&lng=-94.927222&zoom=13&type=r>.

PUBLIC COMMENT/PUBLIC MEETING. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comment or to ask questions about the application. The TCEQ will hold a public meeting if the executive director determines that there is a significant degree of public interest in the application, if requested by an interested person, or if requested by a local legislator. A public meeting is not a contested case hearing. **You may submit additional written public comments within 30 days of the date of newspaper publication of this notice in the manner set forth in the AGENCY CONTACTS AND INFORMATION paragraph below.** After the deadline for public comment, the executive director will consider the comments and prepare a response to all public comment. **The response to comments, along with the executive director's decision on the application will be mailed to everyone who submitted public comments or is on a mailing list for this application.** **OPPORTUNITY FOR A CONTESTED CASE HEARING.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court. **A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. A contested case hearing request must include the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant's name and permit number; (3) the statement "I/we request a contested case hearing;" (4) a specific description of how you would be adversely affected by the application and air emissions from the facil-**

ity in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing within 30 days following this notice to the Office of the Chief Clerk, at the address provided in the information section below.

A contested case hearing will only be granted based on disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decisions on the application. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. Issues that are not submitted in public comments may not be considered during a hearing.

EXECUTIVE DIRECTOR ACTION. If a timely contested case hearing request is not received or if all timely contested case hearing requests are withdrawn, the executive director may issue final approval of the application. The response to comments, along with the executive director's decision on the application will be mailed to everyone who submitted public comments or is on a mailing list for this application, and will be posted electronically to the CID. If any timely hearing requests are received and not withdrawn, the executive director will not issue final approval of the permit and will forward the application and requests to the Commissioners for their consideration at a scheduled commission meeting.

MAILING LIST. You may ask to be placed on a mailing list to obtain additional information on this application by sending a request to the Office of the Chief Clerk at the address below. **AGENCY CONTACTS AND INFORMATION.** Public comments and requests must be submitted either electronically at www.14.tceq.texas.gov/epic/eComment/, or in writing to the Texas Commission on Environmental Quality,

Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from NRG CEDAR BAYOU 5 LLC at the address stated above or by calling Mr. Craig Eckberg, Sr. Director of Environmental Services at (713) 537-2776.

Bidenomics

Continued from front page

Biden's view reflects the warning from most economists that until the virus is controlled, the economy cannot fully recover.

"It starts with doing everything possible to get the COVID-19 under control," Biden said Monday, "so that we can reopen our businesses safely and sustainably."

Striking an ominous tone, the president-elect has warned, "We're still facing a very dark winter," with confirmed cases surging by roughly 120,000 a day — four times the pace of last spring. That trend, along with colder weather, will severely restrict the outdoor dining that has been a lifeline for restaurants and bars across the country. It could also hamper travel plans and visits to barber shops and yoga studios.

That slower growth, in turn, could intensify calls for more stimulus spending. Most economists, along with Federal Reserve Chair Jerome Powell, are warning that the economy needs more rescue aid from Congress.

The \$2 trillion aid package that Congress approved in March is widely credited with fueling a sharp economic rebound this summer. But that stimulus is largely exhausted. Without additional aid, the hardships for roughly 10 million jobless Americans and thousands of struggling small businesses will deepen, along with the economy.

Hotspots

Continued from front page system in the country."

Even when adjusted for size, Texas still has the second-highest rate of COVID infections and is tied for the third-highest proportion of its prison population that has died from COVID, among the ten largest prison systems.

Texas has had significantly more staff deaths from COVID than any other prison system, the study found, and 80% of people those who of COVID-19 in Texas county jails were pre-trial and not convicted of a crime. Other states that started off with a higher number of COVID-19 prison deaths have been dramatically more successful in reducing deaths than Texas, the study found.

Seven out of the 106 prisons in the Texas system account for over half of the COVID-19 deaths in prison in Texas. Almost 6% of the inmate population at the Duncan Unit geriatric prison near Lufkin in East Texas has died of COVID-19, and more than 80% of the COVID-19 Texas prison fatalities were over age 55, the report states.

That was to be expected, the TDCJ said.

"As reflected in Texas' general population, most of these individuals were elderly and had numerous pre-existing conditions. Unlike many states, a thorough review of each inmate's death is conducted to include an autopsy or medical review by doctors to determine if the virus was the immediate cause of death," said spokesman Desel.

Of the inmates who have died of COVID-19 in Texas prisons, 58% of the people of them were eligible for parole at the time of their death. Twenty-one prison inmates died behind bars with less than two years left to serve on their sentences.

With no other valid offers in sight, Penney's fate was hanging by the wire. Its financing agreement expires on Nov. 16 and the sale had to close by Nov. 20 to avoid going out of business.

"Our goal from the beginning of this process has been to ensure J.C. Penney will continue to serve customers for decades to come and this court approval accomplishes that objective," said Jill Soltau, CEO of J.C. Penney, in a statement.

Census

"I immediately knew from our training that what she was telling me to do was considered falsifying census data," said Cheimis, who added that he ignored those instructions.

In Terre Haute, Indiana, at the beginning of October, census taker Jenny Zacha said she was told by a supervisor to sit in her car outside two apartment buildings popular with college students and not even bother trying to interview residents. Instead, she was told to mark that one person lived in each apartment, even though she knew some had two or three bedrooms. Zacha was nervous about doing that and said she noted with each entry that she had been instructed to do so by her supervisor.

In the rush to wrap up the head count, "they decided the better option was to fake the numbers," Zacha said.

In central Washington state, census takers calling in for advice to a hot line run by the bureau's Spokane office were told to guess how many people live in a house based on the number of cars in a driveway or bicycles in the yard, if they couldn't get information from residents or a neighbor. In response, a manager wrote an email to the workers he supervised that "you are not allowed to guess."

"Can you make a guess based on observation of five people in the living room watching Tiger King? Still no," wrote the census field manager, Terry Bain, in an email a census taker shared with the AP.
