## ■ TCEQ

**TEXAS COMMISSION ON ENVIRONMENTAL QUALITY**

**NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN AIR PERMIT RENEWAL PERMIT NUMBER 92337**

**APPLICATION.** Oil States Industries, Inc., has applied to the Texas Commission on Environmental Quality (TCEQ) for renewal of Air Quality Permit Number 92337, which would authorize continued operation of Abrasive Blasting and Surface Coating Facilities located at 16730 Jacintoport Boulevard, Houston, Harris County, Texas 77015. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. <http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=29.753055&lng=-95.1&zoom=13&type=r>.

The existing facility is authorized to emit the following air contaminants: carbon monoxide, exempt solvents, hazardous air pollutants, nitrogen oxides, organic compounds, particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less and sulfur dioxide.

This application was submitted to the TCEQ on August 20, 2020. The application will be available for viewing and copying at the TCEQ central office, TCEQ Houston regional office, and the South Houston City Hall, 1018 Dallas Street, South Houston, Harris County, Texas beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Houston regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application. Information in the application indicates that this permit renewal would

not result in an increase in allowable emissions and would not result in the emission of an air contaminant not previously emitted. **The TCEQ may act on this application without seeking further public comment or providing an opportunity for a contested case hearing if certain criteria are met.**

**PUBLIC COMMENT.** You may submit public comments, or a request for a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. **The deadline to submit public comments is 15 days after newspaper notice is published.** After the deadline for public comments, the executive director will prepare a response to all relevant and material, or significant public comments. Issues such as property values, noise, traffic safety, and zoning are outside of the TCEQ's jurisdiction to address in the permit process.

After the technical review is complete the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. If only comments are received, the response to comments, along with the executive director's decision on the application, will then be mailed to everyone who submitted public comments or who is on the mailing list for this application, unless the application is directly referred to a contested case hearing.

**OPPORTUNITY FOR A CONTESTED CASE HEARING.** You may request a contested case hearing. The applicant or the executive director may also request that the application be directly referred to a contested case hearing after technical review of the application. A contested case hearing is a legal proceeding similar to a civil trial in state district court. Unless a written request for a contested case hearing is filed within 15 days from this notice, the executive director may act on the application. **If no hearing request is received within this 15 day period, no further opportunity for hearing will be provided.** According to the Texas Clean Air Act § 382.056(o) a contested case hearing may only be granted if the applicant's compliance history is in the lowest classification under applicable compliance history requirements and if the hearing request is based on disputed issues of fact that are relevant and material to

the Commission's decision on the application. Further, the Commission may only grant a hearing on those issues submitted during the public comment period and not withdrawn.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant's name and permit number; (3) the statement "[I/we] request a contested case hearing;" (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing within 15 days following this notice to the Office of the Chief Clerk at the address below.

If any requests for a contested case hearing are timely filed, the Executive Director will forward the application and any requests for a contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. Unless the application is directly referred to a contested case hearing, the executive director will mail the response to comments along with notification of Commission meeting to everyone who submitted comments or is on the mailing list for this application. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment**

**period.** Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

**MAILING LIST.** In addition to submitting public comments, you may ask to be placed on a mailing list for this application by sending a request to the Office of the Chief Clerk at the address below. Those on the mailing list will receive copies of future public notices (if any) mailed by the Office of the Chief Clerk for this application.

**AGENCY CONTACTS AND INFORMATION.** Public comments and requests must be submitted either electronically at [www14.tceq.texas.gov/epic/eComment/](http://www14.tceq.texas.gov/epic/eComment/), or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1 800 687 4040. Si desea información en Español, puede llamar al 1-800-687-4040. Further information may also be obtained from Oil States Industries, Inc., 6120 East Orem Drive, Houston, Texas 77048-4429 or by calling Mr. Michael Joseph, Contract Employee at (281) 202-7463.

DAILY COURT REVIEW

## Vaccine

Continued from front page lion to develop new coronavirus vaccines but hasn't allocated money specifically for distributing and administering vaccines.

And while states, territories and 154 large cities and counties received billions in congressional emergency funding, that money can be used for a variety of purposes, including testing and overtime pay.

An ongoing investigation by KHN and the AP has detailed how state and local public health departments across the U.S. have been starved for decades, leaving them underfunded and without adequate resources to confront the coronavirus pandemic. The investigation further found that federal coronavirus funds have been slow to reach public health departments, forcing some communities to cancel non-coronavirus vaccine clinics and other essential services.

## China

Continued from front page pandemic.

Trump has blamed China for failing to adequately respond to the COVID-19 outbreak, which began in the Chinese city of Wuhan. The United States has had the most deaths in the world and Trump's Democratic rival, Joe Biden, has blamed Trump for the rapid spread of the virus in the United States, which surged after Trump pushed for a lifting of restrictions. Trump, meanwhile, has accused Biden, of being soft on China.

Despite Trump's previous affinity for Chinese President Xi Jinping, his administration has since last year consistently ratcheted up restrictions and sanctions on Chinese officials, government agencies and companies, beginning with travel limits imposed on diplomats and registration requirements for Chinese media outlets. The number of visas for Chinese journalists was also cut.

In June, the U.S. ordered China to close its consulate in Houston, Texas, which drew a reciprocal response from Beijing that forced the closure of the U.S. consulate in Chengdu. Last month, the administration demanded that Chinese-funded language and culture programs in the U.S. register as foreign missions of the Chinese Communist Party.

## HHS

Continued from front page the reduction of 38,000 ventilators that had been scheduled for delivery to the National Strategic Stockpile by the end of 2020.

An agency spokesperson declined to comment on the status of its largest ventilator contract, a massive \$647 million deal with Philips that is now the subject of an internal HHS investigation and legal review.

But Steve Klink, a spokesman for Philips at the company's headquarters in Amsterdam, confirmed that its contract had also been canceled and that it will not deliver the remaining 30,700 ventilators on its order to the U.S. stockpile.

Klink said HHS had not yet given the company any "formal reason" for the cancellation.

"Unlike typically in the private sector, the U.S. government does not need any reason to terminate an agreement," Klink said. "We can confidently say that we have delivered on our commitments. While we are disappointed in light of our massive efforts, we will work with HHS to effectuate the partial termination of this contract."

The Philips contract has been under scrutiny because the company had signed a 2019 agreement to deliver 10,000 basic emergency ventilators to the national stockpile by 2022 at a cost of about \$3,280 each. But once the COVID pandemic hit, the company inked a new deal with the Trump administration to provide 43,000 of its more complicated and expensive hospital-grade models at an average cost of about \$15,000 each.

The company has said it still plans to deliver the 10,000 low-cost ventilators over the next two years under its earlier contract.

House Democrats said they would expand their probe into the White House's handling of the Phillips contract, which they said was negotiated by Trump trade adviser Peter Navarro.

## Hebdo

Continued from front page woman the previous day.

It took further weeks to unravel the network of petty criminals and neighborhood friends linking the three attackers. By then, Hayat Boumediene, who was married to Coulibaly, had left for Syria with the help of two brothers also charged in the case. Most of the 11 who will appear insist their help in the mass killings was unwitting.

"Since 2012, terrorism capitalized on the prevailing delinquency there is around these terrorists," said Samia Maktouf, a lawyer for one of the attack survivors. "They are not second fiddles, they are full accomplices."
